WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

Print a block 216 x 164 x 30 mm (needs a bed of 220 x 170 mm or more).
48 pockets 22.6 mm across and 25 mm deep, 8 columns x 6 rows at 26 mm pitch, starting 17 mm in from each edge.
Number the columns 1 to 8 and the rows A to F (print or label).
Fit: stands on the bench to the left of the tray; cells stand upright, label up, positive end up.
Check: an 18650 and a 21700 each drop in and lift out freely.
